

# LHT

Web Developer

Hi, I'm Luke Talling, a multifaceted web developer & designer who thrives at the intersection of creativity and logic. Combining my experience in frontend technologies and pursuit of perfection, I create interactive & user-friendly web pages. Feel free to get in touch.

## PERSONAL INTERESTS

Outside of web development, I am often cooking for friends and family, watching films or playing/creating video games. Staying active is equally important to me—I enjoy playing padel tennis and the occasional run.
